Financial Profile FY 2017/2018 – October, November, December 2017

BM Weaver reported that as of December 31, 2017, and with 50% of the fiscal year elapsed, 51% of the appropriated expenditures have been spent and 75% of the projected revenue has been received. The Cash Fund was at $81,548 on December 31st which is slightly lower than the same time last year.

BM Weaver provided a spreadsheet with the re-allocation of available funds as per the Governor's memo dated October 27, 2017 (see below). The 2% was moved into Other Operating Expenses. Legal expenses have been adjusted to reflect the actual costs related to the hearing held in December. The court reporter costs were higher than anticipated. Travel was adjusted to ensure funds are available for two members to attend the ASBOG Spring COE. During the review, it was discovered that no billing has been received from NIC for the fees related to the online renewal system. This should be about $800 and NIC will be sending an invoice shortly. Available appropriation after the allotment adjustment is $32,175.

AA Lais reported that out of the 301 license renewals received as of Wednesday, January 17th, 269 had renewed online which is 89.4% of the total renewals.
